

K-Ter Imagineering Inc.

An Employee Owned Corporation

Embossing Machine

- Low Profile
 - Low profile makes it easy to string up
- Quick Change
 - Can hold up to 4 embossing rolls
 - Change over time as little as 30 seconds
- Both machines feature:
 - Two way motion
 - Roll nip guards are standard
 - Integrated electrical controls for other downstream equipment

8600 N.E. Underground Rd. #111 • Kansas City, MO 64161 • (816) 453-6551
